EyeMed Provider Network

We continually strive to make the EyeMed network even more accessible to our members. Therefore, provider locations are subject to change. We recommend calling ahead to confirm the provider's participation in the program.

The EyeMed network consists of private practice optometrists, ophthalmologists, opticians and some of the nation's top optical retailers, including LensCrafters®, Target Optical®, and most Sears Optical® and Pearle Vision® locations. Our providers are ready to serve all your eye care needs with their professional services and products.
